

## Key dates

01.03.2022 Scholarship application deadline

01.04.2022 Abstract submission deadline

10.04.2022 Notification of acceptance

20.04.2022 Early bird payment deadline

20.05.2022 Late bird payment deadline

## Venue

The conference will take place in Esbjerg (Denmark) — a unique place on the southwest of Denmark, on the coast of the North Sea. Esbjerg is a fifth largest city and the energy metropolis of the country.

The conference sessions will take place in Esbjerg Performance Art Centre. It is located just 150 m. from the main city square. Full information is provided on the conference website.

## Conference on spectral imaging

On behalf of the International Association for Spectral Imaging (IASIM), we have a pleasure to invite you to IASIM-2022, the eighth international conference in spectral imaging.

The biannual IASIM conference is intended to provide a unified, open, cross-disciplinary and interactive forum for the exchange of information and ideas within the general spectral imaging community, regardless of the spectral or spatial range.

This conference will bring together speakers, contributors, attendees and exhibitors from areas covering all aspects of spectral imaging (microscopic, macroscopic, remote sensing) and a large variety of spectroscopic techniques. It will include three days of scientific sessions, with oral and poster presentations on spectral imaging research and applications.

Technical sessions will include keynote presentations by invited speakers, contributed presentations, panel discussions from members of the imaging community, posters and exhibitors, promoting cross-talks and new ideas.

**You are cordially invited to IASIM 2022!**

# IASIM 2022

July 3–6  
Esbjerg, Denmark

**Organized by**

International Association for Spectral Imaging  
University of the Basque Country  
Aalborg University

<https://2022.iasim.net>

[2022@iasim.net](mailto:2022@iasim.net)

## Program

The conference program will include invited lectures, oral presentations, posters and short presentations from sponsors.

The conference will start Sunday afternoon with a pre-conference workshop and continue next three days with normal conference sessions.

The contributions may report mature results, but feasibility studies or problem discussions are also more than welcome. List of confirmed speakers is available on the conference website.

The time for oral presentations is 15 minutes plus 5 minutes for discussion. The official conference language is English. Poster contributions (A0 with portrait orientation) may be put up on the first day of the conference and will be accessible during coffee breaks as well as a dedicated poster session.

## Proceedings

All attendees will receive a book of abstracts. Presenters of mature works will be encouraged to submit their manuscripts for publication in the special issue of **Journal of Spectral Imaging**, subject to the normal peer review process. All details are available on the conference website.

## Registration fee

	20 of April, 2022	
	Before, DKK	After, DKK
Companies	3 750	4 500
Academia	2 750	3 500
Students	2 000	3 500

Registration fee is in Danish krone, includes VAT and covers the following:

- Admission to the conference
- All conference materials
- Pre-conference workshop
- All coffee breaks and lunches
- Welcoming social on Sunday
- Excursion to Ribe and gala dinner on Tuesday

## Scholarship

Traditionally IASIM will provide three student scholarships, which include a conference registration waiver.

Students are defined as actively pursuing a college degree. Applicants should supply a short letter from their advisor or department head indicating their status as a student and the department in which they are enrolled.

## Travelling to Esbjerg

Esbjerg can be easily reached by a direct regular train that goes from the Copenhagen Central Station every hour. The travel time is about 3 hours. There is also a possibility to take a train from the Copenhagen Airport with one short stopover in Odense. Check the Danish railways website ([dsb.dk](http://dsb.dk)) for more details.

Another possibility to reach Esbjerg is to book a flight to Billund Airport which is in 60 km from Esbjerg and has regular bus connection. Billund airport has several daily flights to/from Amsterdam, Paris, Frankfurt, London, Oslo, and several other cities.

Finally, if you prefer travelling by car, Esbjerg is well connected with Copenhagen and other big cities by a high-speed motorway E20, which, in its turn, is connected with the largest European road, E45. Thus, a car trip from e.g. Hamburg to Esbjerg takes about 3 hours.

## Excursion and activities

All participants will have a possibility to visit Ribe – the oldest town in Denmark, celebrated its 1300th anniversary in 2010.
